Replace Anti-Bullying Program on p. 29 with **BULLYING/CYBERBULLYING POLICY**

North Schuylkill School District is committed to providing a safe, positive learning environment for district students. The district recognizes that bullying creates an atmosphere of fear and intimidation, detracts from the safe environment necessary for student learning, and may lead to more serious violence. North Schuylkill School District prohibits bullying by district students.

Bullying/Cyberbullying means an intentional electronic, written, verbal, or physical act or series of acts directed at another student or students, which occurs in a school setting which includes in the school, on school grounds, in school vehicles, at a designated bus stop, or an any activity sponsored, supervised or sanctioned by the school. Bullying/cyberbullying is severe, persistent, or pervasive and may have the effect of substantially interfering with a student’s education, creating a threatening environment, or substantially disrupting the orderly operation of the school.

North Schuylkill District encourages students who are being bullied to promptly report such incidents to the building principal or designee.

North Schuylkill continues to develop and implement anti-bullying prevention and intervention programs. Such programs shall provide district staff and students with appropriate training for effectively responding to, intervening in, and reporting incidents of bullying/cyberbullying.

A student who violates this policy shall be subject to appropriate disciplinary action consistent with the North Schuylkill Discipline Code.
