

# SCHUYLKILL COUNTY

## Parent Support Network

Are you a parent of a child with mental or behavioral health concerns, special needs, or substance abuse concerns? Are you involved with the Mental Health System, ID/DD Services, Juvenile Justice, Children & Youth

Services or Drug & Alcohol Services for your child? **Do you feel alone** in your struggles to help your child? If you can answer yes to any of these questions then please consider attending the Schuylkill County Parent Support Network. Our goal is to **help parents** make supportive connections with each other and develop a caring, concerned and safe network dedicated to understanding and caring for their own needs as well as their child's.

Refreshments and child care are provided!
